

Pro-Stitcher®

Computerized quilting
to make your creative
ideas a reality.

Compatible with HQ Infinity®, HQ Forte™, HQ Fusion®, HQ Amara™, HQ Avanté®, HQ Simply Sixteen® and HQ Sixteen® (stand-up) longarms.

Handi Quilter® is the leading manufacturer of quilting machines, computerized quilting systems, frames/tables and quilting accessories. Pro-Stitcher was developed, written, and is supported by Handi Quilter engineers. The Pro-Stitcher Premium software is packed with features that enable you to resize, modify, and customize nearly any digital design available – and then quilt it with unparalleled precision. Easily operate Pro-Stitcher from a lightweight touchscreen tablet computer that is conveniently mounted on top of the machine. You can be sure that you have purchased the highest quality product, which is backed by the HQ warranty and the largest network of local representatives. Expand your quilting possibilities with this easy-to-learn, easy-to-use, computerized system and have fun finishing more quilts!

PACKAGE INCLUDES:

Touch-screen tablet with Pro-Stitcher Premium software | Computer-guided or free-motion quilting
EZ Carriage™ | Recording of free-motion designs for future use | More than 800 designs

Pro-Stitcher Premium shown on the HQ Infinity.

SOFTWARE FEATURES

- Includes more than 800 designs
- Resize, Rotate and Repeat designs to fit specific areas
- Skew or Align designs to fit any area with three or more points
- Move designs into position by simply moving your finger across the screen
- Stretch and resize a design using on-screen handles
- Define and Fill an area with a design, using 2-corner (rectangles) or multi-point (any shape)
- Save and move areas
- Horizontal and vertical channel lock
- Two-Point Rotation for border designs and fitting odd angles
- Precisely reposition designs using the Center Point, Start Point, End Point, any corner of the design area, or any point within the design
- Crop inside or outside of your design to fit your quilt, with the option to close the jumps or leave them open
- Create new start/stop points
- Customizable speed and stitches per inch
- Micro Tie-Off function
- Ability to read most .hqf, .txt and .qli digital quilt patterns
- Seamless integration with Art & Stitch® for designing and adjusting your own patterns at the machine (optional software)
- Mark and record multiple points for accurate stitch-in-the-ditch quilting
- On-screen Grid and Ruler to measure designs or area on quilt
- Reorder designs for stitching
- Simulator function to practice software away from the machine

Machine Features

- View and customize designs directly on a large color touch screen tablet conveniently mounted on top of the machine
- Download your favorite patterns via a USB port
- Switch immediately between computer-guided and free-motion quilting
- The EZ Record feature records designs for future use (not available on the HQ Sixteen machines)
- Combine both free-motion and digital motifs
- Silent, integrated motor-control systems with fluid motion control
- Motor Torque Limit Adjustment to customize the sensitivity of the motors
- Handcrafted in the U.S.A. with integrated HQ technology that follows our seven-step quality control program

Pro-Stitcher Premium also features:

- HQ Nationwide Retailer Support
- HQ Warranty: 3 years mechanical, 2 years electronic/electrical, lifetime software update
- Designed and engineered in the U.S.A.
- Educational videos, tutorials and tips available at HQProStitcher.com
